

ENVIRONMENTAL MANAGEMENT Policy Statement

4.2.1

POLICY STATEMENT

South West Concrete Repairs Ltd considers environmental management to be of prime importance and is fully committed to fulfilling all environmental responsibilities as well as continuous improvement of environmental performance. As such South West Concrete Repairs Ltd will work with clients, contractors, suppliers and the workforce towards achieving this goal.

The objective of this policy is to attain and maintain high standards of environmental performance throughout South West Concrete Repairs Ltd.

All persons conducting activities under the name of South West Concrete Repairs Ltd will adhere to this Environmental Policy.

IT IS THE POLICY OF THE COMPANY TO:

- Understand and comply with all legal requirements, codes of practice and regulations;
- Integrate environmental considerations into our business planning and organise operations in order to minimise pollution and disturbance to neighbours and the general public;
- Provide assistance, training and information that may be necessary to personnel at all levels and cultivate personal responsibility for considering the environmental aspects of all activities;
- Avoid the use of environmentally hazardous materials and processes where practicable and use materials and resources with regard to long term sustainability
- Setting and reviewing of appropriate environmental objectives and targets and auditing environmental practice;
- Employ a consistent framework for the management of environmental issues across all its operations
- Encourage all suppliers and sub-contractors to environmental protocols in line with our own and endeavouring to ensure they comply with environmental requirements
- Cooperate and communicate openly with the public, relevant neighbours, government bodies and all other interested parties.

THE SUCCESSFUL MANAGEMENT OF ENVIRONMENTAL ISSUES WILL BE ACHIEVED BY:

- Identification and management of environmental risks and aspects and aspects anticipated with our activities to eliminate or reduce the likelihood of any adverse impacts on the environment;
- Reduce consumption of energy and materials;
- Prevention of pollution;
- Minimise waste and recycle where possible;
- Provision of prompt response to incidents and emergencies;
- Promotion of environmental issues and good practice;
- Reviewing and reporting on the content and implementation of this policy.

This intent is supported by our Business Management Systems and aims to establish and maintain Environmental Management compliance to ISO 14001 2004.

This policy and associated documentation is made known to all personnel and will be reviewed on an annual basis.
